Communities Connect Network (CCN) is a statewide coalition of public/private organizations working to ensure that Washington State is a leader in technology opportunities for all.

Our vision for Washington is ***that every resident have sufficient access to information technologies and the Internet, digital literacy skills, and the knowledge to both find and create meaningful online content.***

CCN 's main objectives include:

- Finding and providing technology service providers with the education and training they need.
- Helping those providers sustain and provide better technology and content.
- Promoting the formation a statewide organization to help guide Washington state on this issue.
